Oklahoma Youth Expo Heifer & Steer Futurity Sale

202 OYE Heifer & Steer Futurity Consignment Packet 3
**Consignment Photo Suggestions**
- Please take at least one profile photo of calves with their head up.

- The photos should be taken in the sunlight with the sun at the photographer’s back to prevent unwanted shadows.

- Photos should be taken outdoors to ensure proper lighting. Photos that are too dark will not reprint well in the sale catalog.

- Photos should be taken at a reasonable distance from the animal, not to close and not too far away.

- If cattle are haltered for the photo, do not tie the calf. Instead, hold the halter with enough lead to allow space between you and the calf. This will allow for you to be cropped out of the photo if needed for sale catalog.

- Avoid shooting at a location where the background is cluttered by corrals, fences, gates or trees.

- Please do not crop photos before sending.

- The sale management reserves the right to decline pictures for the sale catalog.

**Notes about Sale Catalog**
- Emailed digital photos are preferred to ensure better quality. If emailing photos, please include footnotes in the email. If you do not choose to email photos, please include photos with this form. Photos should be received no later than February 18, 2021. The sale manager will determine photos included in the catalog.

- Please identify animal in the photo so that it can be correctly placed with its paperwork.
