

# LIVESTOCK EXHIBITOR BARN ETIQUETTE

## Barn Cleanliness

- Keep stalls and aisles clean. This means free from waste, excess hay or shavings. None of these items should be put in the trash can, but rather the designated waste disposal areas.
- Keep equipment, feed, tack and any personal belongings away from the aisles. The aisles need to be clean and clear for visitors to walk through and animals need to be clearly seen.

## Animal Care

- Provide fresh and clean water for your animal(s) constantly.
- Keep animals clean and well groomed.

## Stay Alert

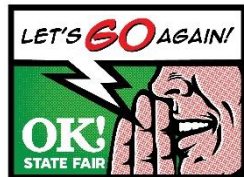

- Watch your surroundings. This includes your animals, family & friends.
- If you see something unusual, please report it to the Livestock Superintendent or Livestock Show Office immediately. See something, say something!
- If something seems wrong, speak up!

## Remember...

- YOU are an ambassador for this industry! Share your personal story and experiences with those around. Who knows.... you might help inspire the next addition to agriculture!
- HAVE FUN! Enjoy and embrace all the hard work you have put into your trip here.

## Questions?

Please contact the Livestock Show Office at 405-948-6768.
